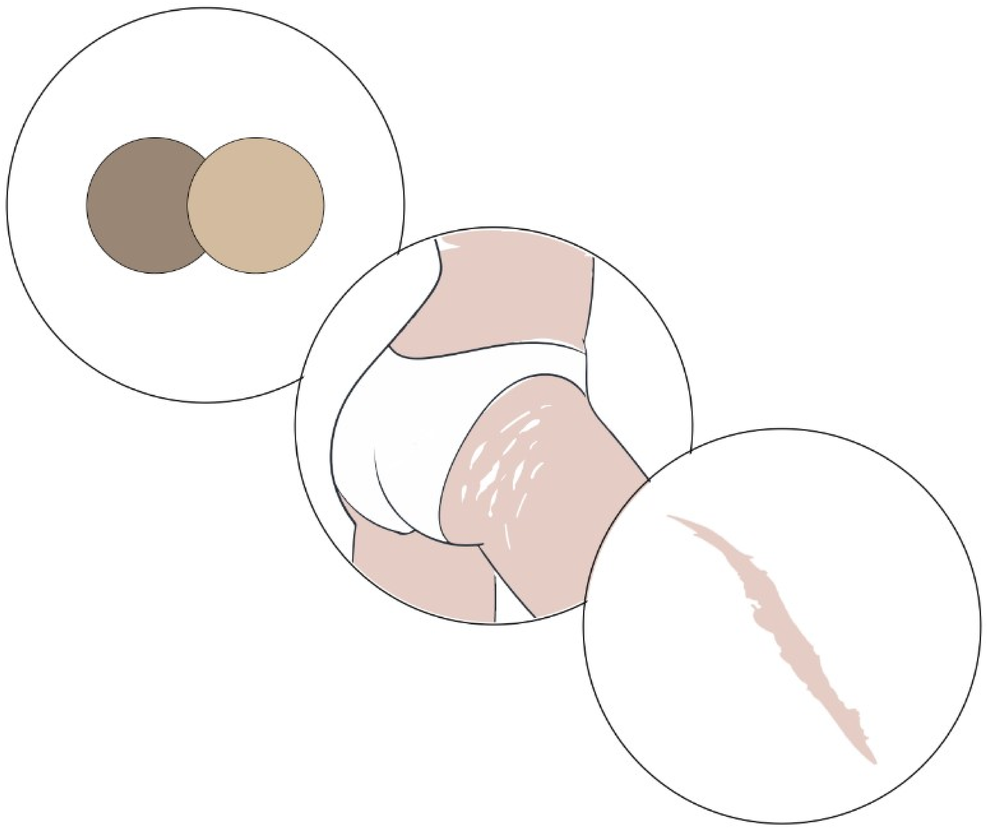
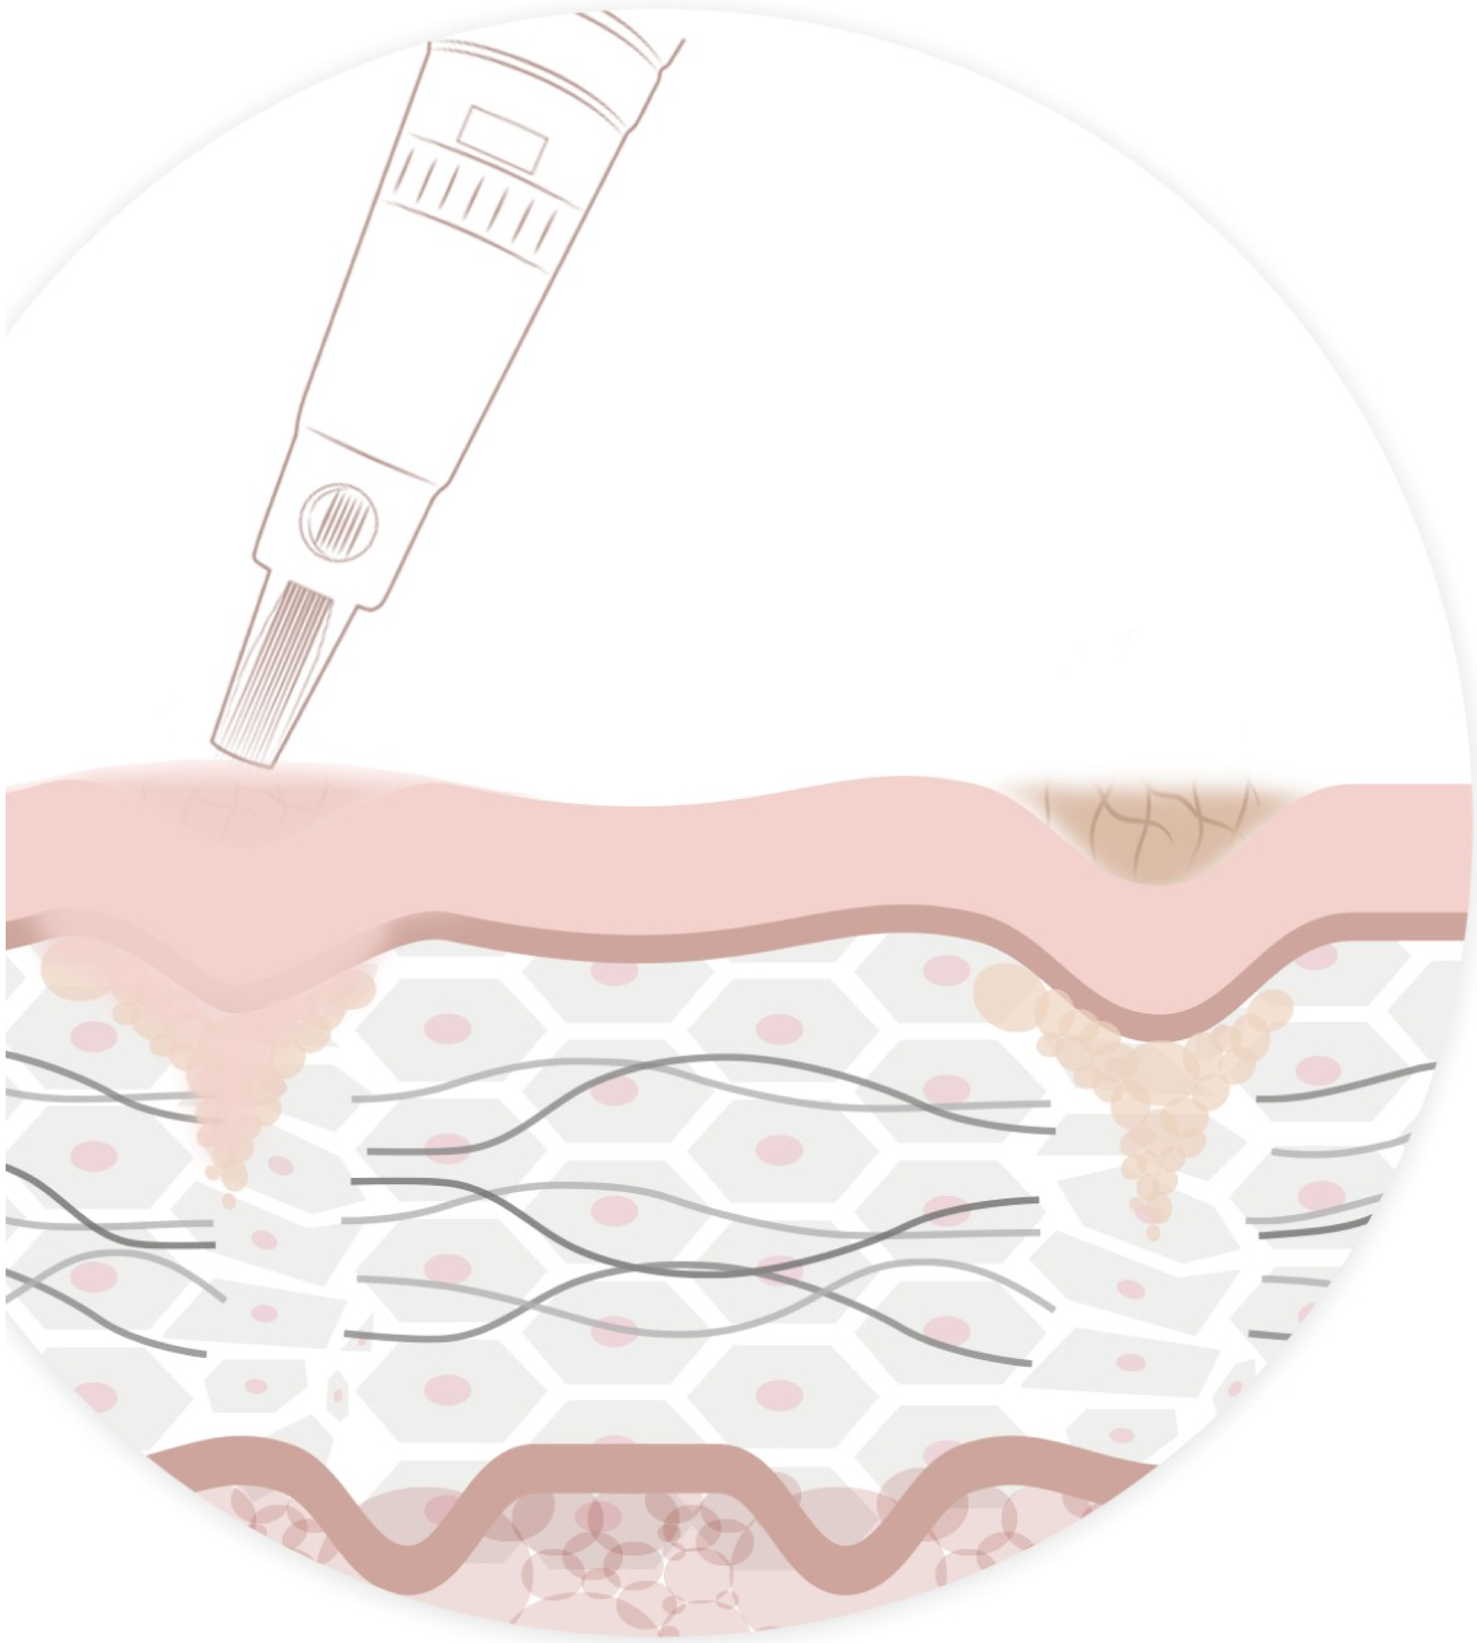
Why should you choose our training?



Learn how to treat Stretch Marks & Scars, Discoloration with Camouflage + BB Glow + Microneedling in 1 COURSE!

• We cover everything from skin layers to hygiene conditions as thorough as we possibly can! Even an experienced esthetician can learn a lot from our course.
• We are experts in pigmentation treatments, because we are performing it over 10 years!
• You will learn how to select the right tone for your client without unnecessary color mixing. Stretch mark camouflage is not a cake recipe, we will teach you the logic behind it.

• Besides the amazing professional set which also includes a device, you will also receive 22 Shade Finders which will help you find the right color for your client. We carefully selected 56 most often skin tones.
• This Course was made to help you conquer the treatment ASAP, to get enough practice before you graduate and feel confident to start on your own.
• You receive education from mrs. Tatjana Damjanović, a professional trainer with internationally known reputation



What is Stretch Mark Camouflage?

Stretch Mark Camouflage works directly on stretch marks and scars to smooth their appearance. The treatment brings amazing results with the use of special digital device along with selected pigments to match client's skin tone.
Treatment can be done on all skin colors, however we must be careful with darker skin tones as they are prone to hyper pigmentation.
